Index to Volume V.–American Bee Journal.

All aboard! 244.
Alleys' new style Langstroth hive 54
Alsike clover 34, 43, 59, 60, 80, 125, 126, 160, 179.
Amateur Beeculture 190.
American hive 264.
Argo's proposal 61. Report 246.
Artificial bee pasturage 166.
Artificial swarming 16, 74, 145, 203, 252.
Asters and Golden Rod 124.
Auchampaugh's question, reply to 11.
Australian honey bee 91.

Bee cellars, ventilated, 230.
Bee cholera 100.
Bee comb guide 129, 167, 194, 201,
Bee culture 203, dark ages in, 262.
Bee disease 206.
Bee feed 124, 141.
Bee feeder 14, 36, 68, 208, 238.
Bee house, 131, 161, 164.
Bee pasturage 29, 166.
Bee puzzle 193.
Bee stings 9, 60, 210,
Bee tricks 43.
Bee-keepers 239. Facts for 28.
Bee-keepers' convention 93, 94.
Bee keeping in Egypt 21.
Bee keeping in India 109.
Bees, does it pay to keep? 216.
Bees dividing 10.
Bees in Connecticut 9.
Bees in Jefferson (Wis.) 158.
Bees in Massachusetts 178.
Bees in New Jersey 238.
Bees in Southern States 254.
Bees in Tompkins co., N. Y., 114.
Bees in Yucatan 179.
Bees, Italian 6, 35, 145, 198.
Bees, North and South 160.
Bees, robbing 9, 119, 204.
Black queen from pure Italian brood 244.
Blossoming time 51.
Bockhara clover 58.
Bottle of all sorts 201.
Brood, chilling, 146.
Brooding temperature 31.
Bronze bees, 236.
Buckeye tree, 36.
Buried bees resuscitated.
Burying bees 137.

Camphor vs, robbing bees 9.
Canada, wintering bees in 76, 77.
Card 62.
Challenge 62, accepted 88.
Chautaugue Co. (N. Y.) Beekeepers' Association 227.
Cheaper bee-house 161.
Cheap paint 172, 263.
Chilling brood 146.
Chloroforming bees 199.
"Claims" of N. C. Mitchell 161.
Cleansing mouldy combs 153.
Coal oil for bee-stings 60.
Colonies, multiplication of 169.
Comb frames, to stand on bottom board 187.
Comb guide 129, 167, 194, 201, 207.
Comb guide suit 167.
Combs, to clean and preserve, 67.
Comments and replies 55.
Common bees and Italians 120.
Conditions of early swarming 223.
Conklin's diamond hive 139, 180, rejoinder 231.
Confinement of honey bees 213.
Correction 236.
Correspondence of the Bee Journal 40, 64, 86, 206, 128, 147, 171, 195, 217, 241, 267.
Cost of producing honey 214.
Cumberland plateau (Tenn.) 256.

Diamond frames once more 180.
Dimensions, form, and management of hives 243.
Diminutive queen 52.
Divers remarks, 116.
Disturbing bees 189.
Dividing bees, 16.
Does beekeeping pay? 203.
Does it pay to keep bees?
Does it pay to paint hives? 43.
Drone and swarm catcher 48.
Dwarfed queens 219.
Dzierzon theory 126.

East Indian bees 92.
Editorial 16, 39, 63, 84, 98, 104, 127, 146, 170, 195, 215, 241, 265.
Effect of water on combs 1
Egypt, beekeeping in 21.
Egyptian, Grecian, Italian, and common bee 245.
Entrance blocks 118.
Evening musings, 151.
Experience in beekeeping 117.
Experience with bee stings 9.
Experience with foulbrood.
Experience and experiments 149.
Experience and observations 186.
Experimenting 142.

Facts for beekeepers 28.
Facts vs. theory 179.
Fancied faults of Italian bees 197.
Fatality, great
Faults in wintering bees, 175.
Feeding, stimulative 53.
Ferocity of East Indian bees 92.
Fertile reserved queens, 145.
Fertile workers 24, 47, 144, 191.
Five questions 93, answered 141.
Foulbrood 51, 89, 105, 147, 161, 205, 239.
Four banded Italians 193.
Frame hives 49, 202.
Fugitive swarms 252.

Gallup's hives 243.
Gallup's notions considered 58.
Gentle reminder 9.
Golden rod and aster 124.
Great fatality 261.
Greatest enemy of beekeeping 212.
Grimm's Apiary, 35.

Handling bees 67.
History of our honey emptier 190.
Hives, movable comb 49.
Hives patented in 1869.
Hives, size of 60, 78.
Hives, transferring, &c. 235.
Honey bee in Australia 91.
Honey dew 13, 46. 74, 121.
Honey emptying machine 66, 87. 133, 138, 145, 146, 169, 202, 264.
Honey gathering 43.
Honey knives 234.
Honey, origin of 45.
Honey season 68, variations of 182.
Honey season in New York.
Honey season at Tolono, Ills. 115.
Honey vinegar 44.
Honor to whom honor is due 34.
How I found a black queen 56.
How my bees wintered 32.
How thorns grow in bee-land 26.
How to cleanse mouldy combs 155.
How to preserve empty combs 67.
How to treat fertile workers 144.
How to arrest fugitive swarms.

Impure Italians 8.
Indian bees 200.
Influence of locality 50.
Inquiries 238.
Inside and out 13.
Introducing queens 117, 146, 231, 236, 256, 259.
Iowa, letter from 137.
Italian bees 6, 35, 145, 198.
Italian bees on red clover 56.
Italian bees, fancied faults of 198.
Italian bees, my views of 235.
Italians and blacks, 163.
Italians and common bees 120.
Italians vs. black bees 198.
Italian fling 88.
Italian queens 160, 240.
Items, several 125.

Justice 20.

Lambrecht foulbrood case 89.
Last season 100.
Leaf from history 129.
Letter from Iowa 137.
Letter from New Hampshire 115.
Locality, influence of 50.
Loss in wintering 101.

Maple sap for bee-food 214.
Maple sugar for bees 162.
Massachusetts, bees in 178.
Melextracter 169.
Melilot, Eastern 58.
Michigan Beekeepers' Convention 94, 225.
Moth trap, new 264.
Mouldy combs, 153.
Movable comb hives 49.
Multiplication of colonies 169.
